

MARQUIS TABLET

MarquisPad MP977 featuring Android 4.0 (Ice Cream Sandwich)

- Easy multitasking, rich notifications, customizable home screens, resizable widgets, and deep interactivity. Simple, Beautiful, and Engaging!
- 9.7" large screen with multi-touch display. Slim design with powerful dual core high-performance processor.
- Home screen folders allow users to group apps and shortcuts. Includes a new favorite's tray function.
- Multitasking is a key strength of Android and it's made even easier and more visual on Android 4.0. The Recent Apps button lets you jump instantly from one task to another using the list in the System Bar.
